### **Y. M. C. A. AND Y. W. C. A.**

2. After registering, go to the Classification Office to be classified for the term.
3. After your classification card has been made out for you, indicating what subjects and classes you will enter, present this card to each instructor with whom you will have work and secure his signature to same. The last instructor will retain the card.
4. Be sure to make and keep for your own use a memorandum of your daily schedules of recitations.
5. Purchase your text-books at the College Bookstore and make it a point to miss no recitations unless prevented by illness.
6. Final credits will not be entered on record until course is completed. No credits are allowed for incomplete courses.
7. On entering the Dining Hall for the first meal, fill out the Dining Hall registration card, so that you may secure board on the co-operative basis.
8. Write a letter home at least once a week. Write only facts—not rumors. *Write home at once.*
9. All announcements are made at Chapel. Go and hear them.

10. All telephone calls are hung on the hook outside the Secretary's office. Tear off slip when you answer your call.
11. Go to all Student Government meetings.
12. Exercise your right to vote by voting at all Student Government elections.
13. Proper social intercourse is permitted and encouraged, but students who become too attentive and thus make themselves conspicuous will be placed under special rules.
14. Remember that self-control is the only control worth while and that self-control comes from a keen sense of personal responsibility.
15. Take an active part in Athletics and attend every game, if possible.
16. Be sure to yell every time for our teams.
17. Students failing to make passing grades in more than one subject will be barred from athletic contests with other schools and colleges.
18. Remember, when you are sick, to go to the Hospital. DO NOT REMAIN IN YOUR ROOM SICK.
19. Remember to go to the Hospital only at office hours unless the case in an emergency.
20. No visitors will be allowed in contagious wards.
21. Remember the Y. M. C. A. and Y. W. C. A. hold prayer meeting in each of the three lobbies every Wednesday night.
22. Be sure to attend Sunday School and Church in Hattiesburg at the church of your choice, and let no opportunity pass to develop your spiritual nature, since this development is even more important than your mental development.
23. The Y. M. C. A. and the Y. W. C. A. conduct Bible Study classes on Sunday morning at a time that does not conflict with the Sunday Schools in Hattiesburg. This work is a benefit to all who take it.
24. Take plenty of healthful exercise, keep Study Hour, and catch the "Normal College Spirit."
